## **Off Campus Educational Experience Permission**

The primary role of LPV Career TEC is to provide each student with an opportunity to develop his/her full potential by providing training that fosters the acquisition of personal, social, and ethical qualities, which will prepare the student to cope with decision-making, problem-solving, and communication within today's complex workplace. LPV Career TEC strives to provide instruction and supervised work-based learning experiences to enable students to develop in their chosen career/vocational-technical fields. This education may include activities off campus during related class time. Whether or not students are in the classroom or off campus they are expected to follow all the regulations outlined in the Parent & Student Handbook.

**In order for a student to participate in such activities this form must be on file in the school's general office.**

I give permission for

---

Name of Student (please print)

---

CTEC Program

to participate in educational experiences off campus during related class time. I understand any off-campus activities that take place beyond the related class time will require a separate permission slip.
